## Design for Better Living

### Shoebbox Home

**Architect:** Aram Lello and Tsai Design

**Location:** Cape Town, South Africa

Architect Aram Lello of Gapp Architects and Urban Designers, and Y. Tsai of Tsai Design Studio, won the 36sqm Design Challenge with their redesign of a three-bedroom, one-bathroom house occupied by a family of 10. The new plan consists of a versatile living area flanked by two bedrooms, separated by mobile wall partitions. During the day, the fold-up beds are stored and the bedroom walls pushed back, enlarging the living space by four meters.
